THE SOLVE DIFFERENCE

Quality + Performance + Price

We pride ourselves on our product offering, what we call the Solve Sweet Spot™- the perfect blend of performance and value.

Attentive Service from People You Trust

Our centralized customer service and non-automated phone system guarantees you will speak directly to a highly trained customer service representative every time you call. With continual product training, our representatives provide you with accurate technical support.

Superior Product Availability

Solve carries more than 100,000 part numbers in both metric and imperial sizes and operates multiple regional warehouses for excellent product availability and minimum transit time and costs. Most orders fill and ship same day.

Complete Manufacturing + Engineering Support

With over 50 years of experience in bearings and power transmission, you can trust our knowledgable technical sales support and extensive engineering capabilities to provide solutions for even the most demanding applications.

GET IN TOUCH

Phone
Contact us by phone during normal business hours at:

800-763-4434

Email
If you need a quote or want to reach us online, email us at:

sales@solveindustrial.com

After Hours Support
Get immediate support from a customer service representative after business hours (5PM EST) by calling:
